

## Exclusive from BRANDT Edelstahl Dach GmbH

The BRANDT Edelstahl Dach GmbH Company is the only manufacturer in Germany who produces and offers this type of stainless steel outlet vent caps. Those ferrinox® caps are produced in port diameter:

- Ø80
- Ø100
- Ø120
- Ø150

They are distributed either with tinned or non-tinned surface. The cap is manufactured by means of an extensive high-pressure process. Its base part, which is soldered with the cap later on, has got a reinforcing fin and stamped elongated slots that arrange for an adequate air vent.
